

**REMARKS**

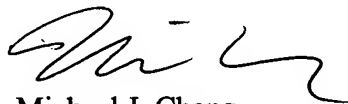

This Preliminary Amendment is submitted to correct typographical errors in FIG. 4. No new matter is introduced. This Preliminary Amendment is submitted pursuant to 37 C.F.R. 1.115 before the first examination and is respectfully requested to be entered prior to substantive examination of the claims.

The correction of the typographical error in FIG. 4 does not introduce new matter into the specification. Applicants have merely changed the term "pealing" to the corrected "peeling," to reflect consistency with the specification, e.g., page 7, line 8, and with FIG. 5. Accordingly, Applicants respectfully request entry of the amendment to FIG. 4, as indicated on the attached marked-up copy of original FIG. 4 submitted herewith for the Examiner's approval. Formal drawings implementing the proposed amendment are also submitted herewith.

If any outstanding issues remain, or if the Examiner has any further suggestions for expediting allowance of this application, the Examiner is invited to contact the undersigned at the telephone number indicated below.

The Examiner's attention to this matter is greatly appreciated.

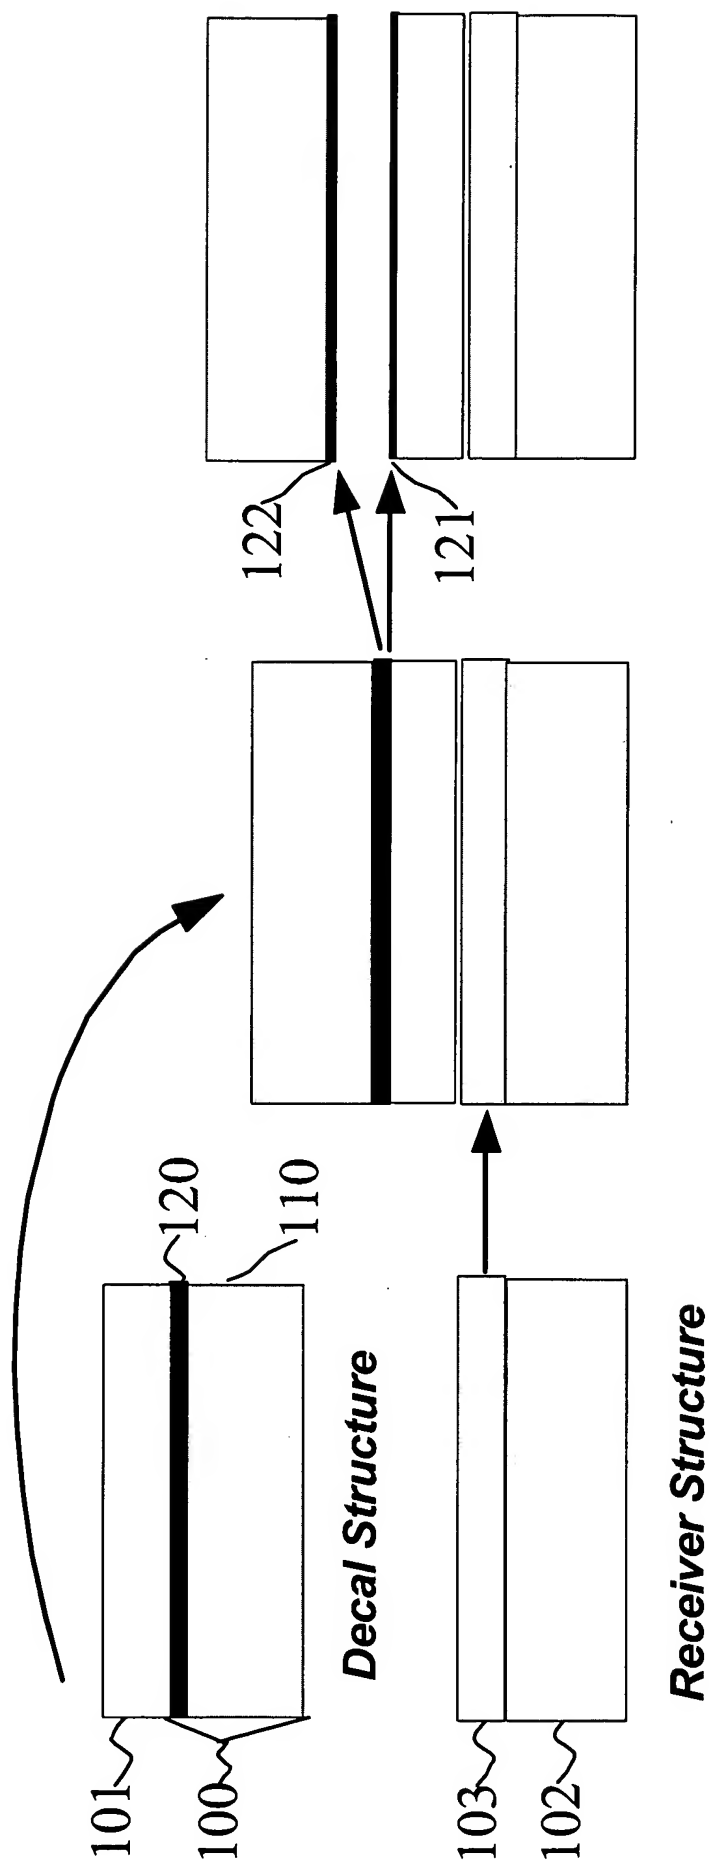

Respectfully submitted,
